Whit Monday	Monday 25 May 2015	Saturday 23 May 2015	Rubbish bags
Christmas	Friday 25 December 2015	Saturday 19 December 2015	Rubbish bags

Rules on rubbish bags & vegetable, fruit and garden (organic) waste

Rubbish bags

- Private individuals who pay the waste substances levy and businesses who pay refuse collection charges may make use of the municipal service and present their waste to the collection service. Waste may only be presented for collection in the (red) municipal Rubbish Bags (with yellow print 'Gemeente Meerssen'). These can be bought at your local store (e.g. supermarket).
- Exception: private individuals households that use the facilities for underground waste collection (for example: apartment buildings) can dispose of their waste in the underground container. Concerning residents have received a special pass.
- Other businesses must make their own arrangements for the removal of their waste.
- The Rubbish Bags are collected once a fortnight (during the evenly numbered weeks).
- Rubbish Bags may only be placed on the pavement on the collection day (from 7.30 a.m.). This will prevent stray animals from tearing the bags open.
- In principle you may present as many Rubbish Bags as you wish.

Fruit, vegetable & garden (organic) waste

- Each household that pays the waste substances levy and each business that pays refuse collection charges receives a green organic waste container from the municipality.
- Exception: private individuals households that use the facilities for underground waste collection (for example: apartment buildings) can dispose of their waste in the underground container. Concerning residents have received a special pass.
- The organic waste containers are emptied every fortnight (in the odd-numbered weeks).
- In addition to the organic waste container you may present a maximum of two bundles of garden waste with a maximum length and circumference of 1½ metres and a maximum weight of 25 kilograms.
- Organic waste is used to make fertile compost. Therefore please do not place any other kind of waste in the container. If the organic waste becomes polluted the entire batch is rejected.
- Keep the lid of the container closed.
- Place a sheet of newspaper in the bottom of the container. This will prevent the waste from sticking to the bottom and starting to stink.
- Mix fruit and vegetable waste with garden waste as much as possible.
- Place fish and meat refuse in the Rubbish Bag. This will prevent maggots and stench, while promoting compost formation.
- Make sure that your container is clean and empty if you are going on holiday for a number of weeks.
- The organic waste container belongs to the house, so if you are moving leave it behind clean and empty for the next residents.
- Place the container on the pavement on the collection day (from 7.30 a.m.) with the handle facing the street.

In the event of frost

Place the container in the shed or garage if possible. This will prevent the waste from freezing and will make the job of the waste collectors much easier.

During warm weather

- Place the container in the shade.
- Put fish and meat waste in the Rubbish Bag. This prevents maggots and stench.
- Strongly smelling food waste such as cauliflower and the like may also be placed in the Rubbish Bag to prevent stench.

Bulky garden trimmings

Bulky garden trimmings (max. 2 m²) can be disposed free of charge at one of the Ecoparks.

Plastic packaging, metal packaging (tin cans) and drink cartons (PMD)

Plastic packaging, metal packaging (tin cans) and drink cartons (PMD-waste) is collected house to house once every four weeks. This waste is collected in the Plastic heroes-bags. You can get these Plastic heroes-bags for free at the local stores (e.g.) supermarkets that also sell the (red) municipal Rubbish Bags.

Rules on plastic packaging waste disposal

- Plastic packaging, metal packaging (tin cans) and drink cartons (PMD-waste) can only be disposed in the Plastic heroes-bags.
- The Plastic heroes-bags are collected every four weeks. Collection-calendar: see page 6.
- The Plastic heroes-bags may only be placed on the pavement on the collection day (from 7.30 a.m.).

P Plastic packaging waste

You can dispose plastic packaging waste unwashed and with cap. It's important that the plastic packaging waste is empty and there are no residues of paper, carton or aluminium attached. You don't have to remove the labels. We advise you to flatten the waste before you throw it in de Plastic heroes-bag.

Check the **list what can and can't** be disposed in the Plastic heroes-bags.

Plastic packaging waste that CAN be disposed in the Plastic heroes-bag	Plastic packaging waste that CAN NOT be disposed in the Plastic heroes-bag
<ul style="list-style-type: none"> Plastic bags, sacks Pasta and rice bags Candy bags Plastic packaging of meat and cheese Foilrappings from magazines and promotional leaflets Blisters for toothbrushes, cables and screws Plastic cups for butter, sauce, cream cheese, pate, coffee milk Bowls or bags for vegetables, fruit and salads, fries Cups for yoghurt, cream, whipped cream, ice cream Lids from jars of peanut butter, chocolate paste Squeeze bottles for mayonnaise and ketchup Bottles from detergent, shampoo, shower gel, bath oil and soap Tubes from gel, cream, body lotion, toothpaste Bottles from soda, water and dairy products Bottles from oil and vinegar Pots from gel, medicine, vitamins Plant pots 	<ul style="list-style-type: none"> Packaging with content Packaging from chemical waste For example: packaging from make-up, turpentine bottles, glue tubes Polystyrene For example: fast-food packaging, meat dishes, stuff to fill packaging Remainders of paper, cardboard and foil For example: packaging for chips (crisps), blisters Drink cartons Other plastic products For example: garden chair, toys etc

M Metal packaging (tin cans)

Metal packaging are tin cans, drink cans, metal caps from jam jars, cans or tubes, aluminium dishes, empty aerosols (you must dispose full aerosols in the small chemical waste).

Metal packaging that **CAN't** be disposed in the Plastic heroes-bag

Paints cans (this is small chemical waste) and other metal packaging that contains toxic or caustic products (for example: insecticides or motor oil), metal objects (for example: screws, tools, office supplies), electric devices, cutlery, pots, needles and chips bags. The metal packaging must be clean and empty.

D Drink cartons

Drink cartons are carton packaging off drinks of dairy products. For example: drink cartons of custard, yogurt, soup, sauce, milk, apple juice etc. Also drink cartons with plastic caps and small drink cartons can be disposed in de Plastic heroes-bag. Drink cartons must be clean and empty.

Household chemical waste

As chemical waste can harm the environment, it may not be disposed of in the municipal (red) Rubbish Bag. The list of classified chemical waste is as follows:

Household	<ul style="list-style-type: none">- Energy-saving lamps- Batteries- Energy bulbs- Fluorescent tubes- Liquid drain unblocking agent- Paraffin, petroleum- Herbicides, fungicides and insecticides
Do-it-yourself	<ul style="list-style-type: none">- Paint, varnish- Stains and wood preservation agents- Products used for painting such as white spirit, thinner, paint remover, paint solvent, brush cleaner, brush softener and cleaning spirit, mercury switches (such as non-digital heating thermostats)
Medicine cupboard	<ul style="list-style-type: none">- Medicines- Mercury thermometers- Injection needles
Hobby	<ul style="list-style-type: none">- Photographic fixer- Photographic developer- Etching liquids such as nitric acid, sulphuric acid and hydrochloric acid
Transport	<ul style="list-style-type: none">- Batteries- Petrol- Motor oil / spent oil and brake fluid- Oil filters

Where can you dispose your household chemical waste?

Collection of household chemical waste

The chemical waste collection vehicle (Chemocar) collects household chemical waste **ones a year** in the residential areas. The following schedules show the parking area places and times. If you are not at home during the day, you can make use of the vehicle at its set parking area places in the evening in your area, or at the central market square (*Markt*) in Meerssen, where it remains open from 17.15 until 20.00 hour.

Ecoparks

Private individuals (no businesses) can dispose their household chemical waste free of charge at one of the four Ecoparks. Old medication can be disposed at the pharmacy. Several supermarkets collect old batteries.

Collection of old white and brown goods

Where can you dispose of your white and brown goods?	
At the shop	When buying new goods
Ecoparks	Including refrigerators and freezers (free disposal)
Kringloop Zuid	Only when still well-functioning (see page 17) <i>You can not dispose refrigerators and freezers at Kringloop Zuid</i>
Collecting service at home	Fee (see page 13)

What are white and brown goods?	
Big household devices	Refrigerators, freezers, electric stove, washing machine and microwave
Computer and telecommunication devices	Mainframes, computers and laptops (including processor, mouse, screen and keyboard), printers, copy machines, calculators
Consumer devices	Radio, television, video camera, video recorder, hifi-recorder
Small household devices	Vacuum-cleaner, iron, toaster, fryer, electric knives
Lightning devices	Devices including fluorescent lamps, LED-lamps
Electric and electronic tools	Drill, saw, sewing machine, tools for welding and solder, tools for mowing and other garden activities
Instruments for measuring en verifying	Smoke detectors, heating controller, thermostat

Collection service at home

Private individuals (no businesses) can have certain types of waste collected from their homes for a fee. If collection is requested on time, the waste will be collected the next Wednesday. The collection service applies to the following types of waste:

Waste	Costs	Maximum	Note
Bulky Garden waste	€ 14,- per load for transport costs	Maximum length and circumference is 1½ metres and maximum weight is 25 kilograms per bundle.	Only bulky garden waste tied up thoroughly with string will be collected.
Bulky Household waste	€ 14,- per load for transport costs + a processing charge of 20,00 per m ³ of waste	Maximum 6 m ³	For more information you can call the Environmental Affairs section (Milieu), tel. 043-3661778
White and brown goods	€ 7,- per collection		One or more appliances incl. refrigerators and freezers

Please note:

As a rule one load a week is collected per household. If planning permits, a second load can be collected from the same address. To promote the separation of waste, organic and bulky household waste cannot be collected at the same time. If there is sufficient demand, collection can also take place on Thursday morning. **On the day en time the waste is collected, you must place your waste at a place that is easy reachable for the wastecollectionservice.**

Information and requests:

Environmental Affairs section, tel. 043-3661778. E-mail: info@meerssen.nl.

Ecoparks

Inhabitants of the The Municipality of Meerssen can use the facilities of four Ecoparks: the ecoparks Beatrixhaven, Noorderbrug and Randwyck in Maastricht, and the ecopark in Valkenburg aan de Geul. In these Ecoparks you can dispose several kinds of waste (see Ecopark rates list pages 15-16).

Ecopark	Address	Open
Beatrixhaven	Fregatweg 32 Maastricht	Monday to Saturday 10.00-18.00 hour
Randwyck	Watermolen Maastricht	Monday to Saturday 10.00-18.00 hour
Noorderbrug	Frontensingel Maastricht	Monday to Saturday 10.00-18.00 hour
Valkenburg a/d Geul	Bedrijventerrein (businesspark) Valkenberg 13, Valkenburg a/d Geul	Thursday and Friday 13.00-19.00 hour Saturday 09.30-16.30 hour

The Ecoparks are closed on Sundays and during holidays

Waste pass

In order to use the facilities of the Ecoparks, you need a waste pass. One waste pass per household is sent to each household in Meerssen. Without the pass you can't use the facilities of the Ecoparks. So make sure that you always bring your waste pass when you visit the Ecopark.

Have you recently moved to the Municipality of Meerssen, and haven't you found a waste pass at your new address, than please apply for a new waste pass by calling **tel. 043-3661778**. You can dial the same number if you have lost your waste pass. **The waste passes 2014 can be used in 2015 also.** Are you going to move to another municipality? Then leave the waste pass behind for the new occupants of your home.

Ecoparks closed during holidays

Collection clothing – shoes – textiles

The collection of used clothing – shoes – textiles is only permitted to those organisations who received a collection-permit from the Municipality of Meerssen according to the municipal waste-decree. In the municipality of Meerssen the Stichting Sociaal Medische Hulpverlening aan Oost-Europa (SMHO = Foundation for Social Medical Aid to Eastern Europe), the Stichting Aktie '68 and the Stichting Salvatoriaanse Hulpactie arrange for the collection of serviceable clothing, textile and shoes in 2015. The proceeds of the collection are entirely used for charity.

Collection days clothing – shoes and textile in 2015

Wednesday 25 February (Stichting Aktie '68)
Wednesday 15 April (SMHO)
Wednesday 17 June (SMHO)
Wednesday 19 August (SMHO)
Wednesday 21 October (SMHO)
Wednesday 16 December (Stichting Salvatoriaanse Hulpactie)

Please note: offering and collecting serviceable clothing, textile and shoes on any other moment or to another collector is not allowed. The serviceable clothes etcetera will be removed by the municipal Environmental Affairs section. The person who offers the serviceable clothes has to pay the costs. You can always bring your serviceable clothes etcetera to the ecoparks or to the clothing containers.

Rules

At several locations (page 18) you will find containers in which you can dispose of serviceable clothes, textiles, and shoes.

- Put the clothes or textiles in closed plastic bags
- Tie pairs of shoes together
- Avoid dirtying the clothes or textiles
- Don't dispose of other waste in the clothing container

Do you need further information, or do you want to let us know that the container is full?

Call the Foundation for Social Medical Aid to Eastern Europe (SMHO), tel. 043-3645066.

Rules collection old iron

For the collection of old iron are a few rules:

- You can dispose of metal / tin / old iron for free at the ecoparcs.
- Metal packaging (tin cans) you can dispose in the Plastic heroes-bag

It is not allowed to give old iron to the private collectors that drive (honking) through your neighbourhood. These private collectors do not have a collection permit. You risk a fine if you offer old iron to one of these private collectors.

Serviceable household goods

You can dispose serviceable household goods at Recycling centres Kringloop Zuid. At this Recycling centre you can dispose (free): clothes, household-textile (drapes etc), furniture, household goods (pans etc), hobby-goods (books etc), sanitary facilities, bicycles and motorcycles, washing machines, cookers, televisions, radios, computers, vacuum cleaners, and razors. These goods have to be still well-functioning. You can not dispose refrigerators and freezers at Kringloop Zuid.

By telephone: Monday to Friday 9.00-17.00 hour

Opening hours

Kringloop Shop Watermolen 14 in Maastricht:

Monday 13.00-18.00 hour

Tuesday to Saturday 10.00-17.00 hour

Disposal of serviceable goods: Monday to Saturday 9.00-17.00 hour

Kringloop Shop Broekhem 47 in Valkenburg a/d Geul:

Monday closed

Tuesday to Saturday 10.00-17.00 hour

Disposal of serviceable goods: Tuesday to Saturday 9.00-17.00 hour

Rules

- The goods you dispose have to be undamaged, or only lightly damaged. Lightly damaged goods must be easy to repair. The goods must not be polluted.
- The goods have to be places on the ground floor, when they are being picked up by Kringloop Zuid.
- It is not allowed to place goods on the side of the road or on the pavement.
- The goods have to be transportable: put lose goods in a box, and take apart furniture (tables, beds etc).
- You have to show your identity card when Kringloop Zuid comes to pick up the goods.

For information call:

Kringloop Zuid, tel. 043-3620858.

Internet: www.kringloopzuid.nl

The Public's Duty to Remove Dog Faeces

Throughout the municipality of Meerssen the person in charge of a dog has a duty to remove the dog's faeces from public land.

- You must always clean up the dog faeces when these are dropped in public space and dispose of the dog faeces in one of the combined litter bins. Or take it home.

Questions?

Call tel. 043-3661690. E-mail: info@meerssen.nl.

Tips for proper usage bottle banks

Please note: bottle banks may only be used for glass Pottery or earthenware may not be placed in the bottle bank. Glass panes are also not permitted in the bottle bank. This can be handed in at the Ecoparks.

- Buy products in returnable packaging. This is cheaper for you too!
- Rinse the glass bottles. This prevents stench and dirt.
- Take your empties with you when you go shopping.
It is hardly any bother and keeps things tidy at home!
- Deposit white glass in the white section, green in the green section and brown and other coloured glass in the brown section of the bottle bank.
- Is the opening too small: take it back home and break it carefully into smaller pieces that do fit.
- Do not leave boxes, lids, corks or glass behind. Take it back home. Prevent accidents by carefully picking up broken bits of glass and placing it in the bottle bank. The municipality must clean up litter and the costs involved are charged to the residents via the waste substances levy.
- Only use the bottle bank between 08.00-20.00 hours.
This prevents the residents in the vicinity from suffering noise nuisance.
- If you notice that a bottle bank is full quite often, please report this to the **Environmental Affairs section, tel. 043-3661778.**
